KIWO Proudly introduces KIWOFILM Z

KIWOFILM Z is our new diazo-photopolymer sensitized capillary film.

If you are looking for the cutting edge stencil product on the market, you owe it to yourself to try our new KIWOFILM Z series capillary films now available in:

Thickness

- 15 micron
- 20 micron
- 25 micron

Standard sizes

- 26" x 300" rolls
- 52" x 300" rolls

KIWOFILM Z is also available in custom sizes and custom cut sheets to conveniently fit your needs and to minimize waste.

Images were screen printed using KIWOFILM Z-15 capillary film

* These printed inducers are 75 microns in width

This compact disc was printed at 100 lpi
