

# KIWO Product News

## PRODUCT GROUPS:

### Direct Emulsions

- Diazo
- Diazo-Photopolymer
- SBQ

### Capillary Films

- Diazo
- Diazo-Photopolymer

### Automatic Coating Machines

- KIWOMAT Basic
- KIWOMAT Pro
- KIWOMAT Simplex

### Screen Cleaning Products

- Press Washes
- Ink Degradents
- Stencil Removers
- Haze Removers
- Mesh Preparations
- Brushes

### Frame Adhesives

### Screen Printable Pressure Sensitive Adhesives

- UV Curable
- Solvent Based
- Water Based

### Specialty Adhesives

- Temporary Tattoo
- Pallet
- Flocking
- Blanket
- Heat Activated

### Computer-To-Screen (CTS) Systems

- Direct UV Exposure
- Wax Ink Jet

### Evaluation & Quality Control Tools

- Exposure Calculator
- Thickness Gauge
- Rz Meter
- Instructional Video CD

## KIWO introduces its latest development in frame adhesives KIWOBOND® 1100 PowerGrip

### **Fast drying, two-component screen adhesive, very resistant to solvents**

KIWOBOND 1100 PowerGrip is a fast drying, two-component screen frame adhesive for a highly chemical resistant bonding of screen meshes to frames made of aluminum, steel, wood and galvanized iron.

#### Remarkable Features:

- ✓ Superior Solvent Resistance & Bonding Strength – Perfect for printers using dip tanks and/or automatic ink washout and reclaiming equipment
- ✓ Fast Non-tacky Drying – In as little as 5-10 minutes
- ✓ Safer than Cyanoacrylate Adhesives – No dangerously sharp and brittle edges or atomizing solvents
- ✓ Less Frame Preparation – When re-stretching, gluing is possible without grinding away old frame adhesive

KIWOBOND 1100 PowerGrip is available in 500 gm. and 4.25 Kg. set packs. Contact your authorized KIWO distributor or KIWO for further information or samples.
